

# EAA Sketcher Art Scramble January 2021

EAA Sketchers started off 2021 with something new...an Art Scramble! Our first Scramble was Sunday, January 24 at 1:00p.m. But there was no need to brave that cold and snowy day, we had a Zoom meeting to share our works! Joan Milligan selected the art subject and art style, randomly, for the thirteen members who elected to participate during our January meeting and for anyone who called her later. There were some very unique combinations, like Fantasy & Post Impressionism, Historic & Baroque, and Space & Renaissance. The artists had just under 2 weeks to make their artwork. It could be any size and any media - artists choice. This was a lot of fun and we learned a lot about art history!

Here's the collection of artwork created from our first Art Scramble:
