

EAA Sketcher Art Scramble March 2021

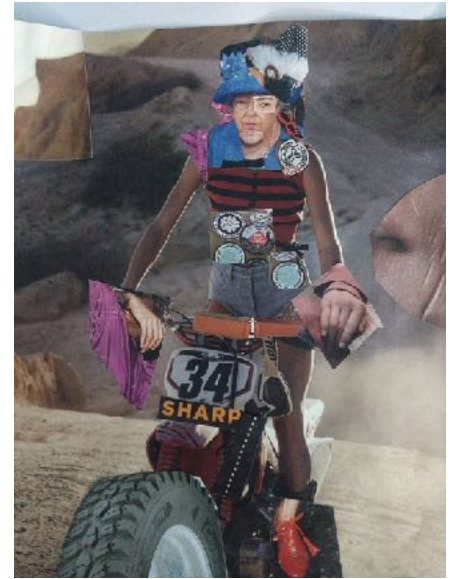

On Sunday, March 14, EAA members meet on Zoom to share their latest Art Scramble creations. Everyone enjoyed the challenges they were given and talking about how they created their art. We learned about a variety of watercolor markers, digital art using Paper by 53 and a lot more. Who ever heard of Playing Cards as an art style and who is Juan de Pareja? Fourteen members participated and several members shared a picture or two of their artwork....enjoy seeing them below:
