PROGRAM

Our February meeting features artist **Laurel Herbold**, who will demonstrate Egg Tempera. Laurel is a 1993 graduate of Bowling Green University where she majored in Fine Art Painting and Graphic Design. She is a freelance artist specializing in custom and gallery artwork as well as mural and floor painting. She paints with oil, acrylic and ink. Her gallery work is mainly abstract and generates tranquility through her mindful use of color and texture. On the whimsical side, she is well known locally for her "Wee People" figure designs. Laurel has her studio at 78th Street Studio and her artwork has been exhibiting in galleries throughout Northeast Ohio for nearly 20 years and recently in New York and Michigan. Visit her website at www.laurelherbold.com.

So, what is Egg Tempera? According to an internet definition, "Egg tempera is a classic painting technique, tracing back to antiquity. Egg tempera is composed of ground pigment, water, and egg yolk." Come to our February meeting and find out Laurel's definition and how she incorporates it in her artwork.

THANKS TO ALL

Special thanks to Dorothy, Lisa and Launie for sharing their artwork. Our January Members' Night *Show & Tell* is always a favorite. It is an opportunity to feature the talents of our members. This January 4th meeting was an exceptional evening, in many ways. Not only did we enjoy seeing an interesting range of talents presented by artists Dorothy Geisert, Lisa Ruschman and Launie McDevitt, but our refreshment table was the most exceptional presentation of both art and food ever. We thank Deb Kramarz and Joan Milligan for the abundant and delicious refreshments. Over 25 members enjoyed the evening's events and, of course, the refreshments. For more information and pictures from each presentation, visit www.euclidart.com/events.htm. Enjoy the pictures that we've included at the end of this newsletter.

MEMBER NEWS

Euclid Art is sad to announce the passing of longtime member, Helen Kaszian. She was 94 years old. Our deepest sympathy to her family.

Lee says "Want to have a little winter fun? Wait for a good snowstorm at night. Take your laser video projector and point the beam at the blowing snow. You'll get the proverbial *thousand points of light* in 3D. Way cool!" Sue asks "How many of you have laser video projectors?"

ABOUT TOWN

We are sure that somebody, somewhere is doing something, even though it is the middle of winter. But, we have not heard a word of it. So your news didn't make it in this space. Even though that's exactly where it would go if you want our members to know about it. We would be more than happy to publicize your event....so please tell us!

Any news? Call 216-531-6349 or email info@EuclidArt.com Include EAA in the "Subject" line of the message header.

WEBSITE

EAA members are encouraged to have their own personal Members Art page on our website, www.EuclidArt.com. Many of our members' artworks can be seen there. Check back often as artists frequently change their pictures. **Every month one or more of our members art page makes the Top 7 Hits list!** If you would like to join them, go to our [Members Art page](#) on our website and click the link at the top of the page for information on how to get started.
