## Euclid Art Association Art Show Categories:

Select a category for each work of art. Use the number of the category on your entry form. The judge will use these categories for selecting award winners.

1. **Oil/Acrylic:** Painting created using any oil or acrylic paint.
2. **Watercolor:** Paintings created with watercolor paint.
3. **Graphic Art:** Drawings using any dry medium, including pastels, ink or marker. Also includes fine art prints, calligraphy, and design for flat printed images.
4. **Mixed Media:** Art in which more than one art medium plays a significant role. Works of art in which the surface has been interrupted by cutting, pasting, attaching, or layering. (If a watercolor painting has a few pencil lines, or marker drawing has a few spots of paint, use the category of the obviously dominant medium rather than Mixed Media.)
5. **Photography:** Whether taken on film or digital format, works in this category capture something seen by the photographer. If changes are made to enhance dark & light, color, focus, etc. but the original subject is still intact, then the work belongs in this category, along with any image made in a darkroom.
6. **Digital Art:** Subjects from real life that are altered or combined to create an entirely new image, or any image created initially with a digital drawing or painting program.
7. **Three-dimensional Art:** Includes pottery, sculpture. Displayed in an open glass case.

- Be sure two-dimensional work has a secure wire. D-rings recommended. No hanging hooks.
- No wet oil paintings. The painting **MUST** be completely dry.
- Crew will hang work to best display the whole show.

### Responsibility:

- Artists need to be sure that framing/hanging/display devices are stable and secure and will withstand careful and necessary handling at the exhibit venue.
