Artist **Kathy Hess** took a class at Lakeland Community College, “From Dreams to Reality.” Upon completion, she wanted to be an entrepreneur. June of 2004, she opened **Spirit of Clay**. She has a strong background in art and appreciates how the creative process can influence one’s life and help one to heal amongst the daily struggles. She also supports small businesses, local communities, and organizations within them.

This workshop is for both beginners and advanced artists. Besides gifting or adding to your ceramic collection, you can display them at the next art show!

Cost includes: ceramic bisque ware bowl & plate, use of paints and brushes. You can choose from over 80 colors of paints and have the use of various brushes. Bring an old shirt or apron to wear. Learn techniques for painting designs on a three-dimensional surface and for blending colors on a smooth surface. Your pieces will be fired in a kiln and ready for pick up a week later.
